\$1450

IV WELLNESS HUB

Skin treatments

Microneedling with Melacell

Targets pigmentation, and acne scars for a clearer complexion. By promoting cell turnover, it restores a uniform skin tone and texture. Suitable for various skin types, regular use of Melacell visibly improves skin clarity and radiance.

\$290

Microneedling with NCTF

NCTF by Filorga is a skin-rejuvenating formula with 59 active ingredients, including vitamins and amino acids. It boosts cellular activity, enhances firmness, and reduces wrinkles

\$290

Microneedling with Rejuran

Rejuran, a polynucleotide-based product, enhances skin repair and rejuvenation. Together, they improve skin texture, reduce fine lines, and promote a youthful complexion.

\$290

Microneedling with NMN

Microneedling with NMN skin booster combines microneedling's rejuvenation with NMN's anti-ageing benefits. This treatment promotes collagen production and delivers NMN to enhance skin texture, reduce wrinkles, and improve firmness, leaving skin refreshed and youthful.

\$290

Microneedling with Exosomes

Exosomes, which are tiny vesicles containing growth factors and proteins, are then applied to enhance repair, reduce inflammation, and promote a youthful, radiant complexion. This combination accelerates the skin's healing process and improves overall texture and tone.

\$400

Dermashine Pro Treatment

Experience the ultimate in skincare with our Dermashine Pro Facial Treatment. This advanced treatment utilizes micro-needling technology to gently create micro-channels in the skin, enhancing the penetration and effectiveness of our premium skin boosters. Perfect for those looking to boost collagen production and improve skin texture and tone.

Tailored to suit various skin types and concerns, this treatment offers benefits such as reduced fine lines, improved elasticity, and a radiant complexion. Enjoy professional-grade results with minimal downtime .

**Skin booster choices:
Juvelook/Lenisna(glass skin)
NMN, Melacell, Rejuran Skin booster,
Exosomes,NCTF**

(Prices to be discussed)

All treatments include medical grade numbing cream & cold hammer treatment (tighten pores)

IV WELLNESS HUB

IV WELLNESS HUB

Liquid microneedling/ peel

The GTM T-tox peel(from Korea) is a non-invasive skincare treatment ideal for acne-prone skin, offering benefits without needles or downtime. It uses exfoliating seaweed ingredients(spicule peeling powder) to gently exfoliate, reducing acne scars and blemishes. By unclogging pores and promoting cell turnover, it results in clearer, more radiant skin. Its anti-inflammatory and antioxidant properties calm breakouts and protect against environmental damage. The treatment requires no recovery time, allowing immediate return to daily activities, and is suitable **every two to four weeks based on individual needs.**

1 session : \$ 150

2 sessions : \$280

3 sessions : \$390

4 sessions :\$480

5 sessions : \$550

Best paired with IV drip , for best results.
